PURPOSE

The Women's Panama Mission Trip will be going to Word of Life in Panama to help support the missionaries as they hold their annual women's conference. Women from all over Panama, upwards of 300 them, are expected to attend the conference.

Our team of nine ladies will have opportunities to share their testimonies during the conference, as well as provide all the materials for the craft and welcome bag that each attendee will receive.

The Bible Chapel has been sending a team of women to support Word of Life for this conference for many years, and the missionaries look forward to our team being there to love, support, and care for them while they minister to the many women of Panama.
